

Ellison Die Cut Machine

The Ellison Letter Machine is a versatile tool. It cuts anything scissors can cut in a fraction of the time, such as: construction paper, sponge, cardboard, fabric, wallpaper, and contact paper.

Patrons may use the Ellison Letter Machine in the Children's Department during our regular hours. Call 978-352-5728 to make an appointment. There is no charge to use the Ellison Machine; however, you must provide your own materials to be cut. The following die cuts are available:
